

Blizzard Outdoor Keeper Training Program

Blizzard is excited to announce the creation of our new In-house Keeper Training Program featuring **Diogo Raposo**. Diogo is currently the Canadian Soccer Association REX Keeper coach for Calgary as well as the Whitecaps Academy Southern Alberta Keeper coach.

Diogo will take on the role of Head Keeper Coach for both the Blizzard Elite and Development programs and will offer sessions for both levels of Keeper.

Blizzard is pleased to offer this training program to registered Blizzard players at **no charge**, as we value your dedication to our Club and your commitment to developing your skill.

The program will be held once or twice a week and will run from April through to the end of June. Days and times will be determined and announced on our website but plans are to hold it one night per week and one weekend morning.

These sessions will be mandatory for all Tier 1 Keepers and optional for all Recreational Keepers. Keepers are welcome to attend other training in addition to these sessions.

If you are interested in additional training with Diogo in private or small group sessions please contact him at Clean Sheet Goalkeeping 780-399-5577.
